

# **Ceremonies**

## **Sprint Planning**

Performed before beginning of each sprint where user stories to be implemented in that sprint were selecting, creating a sprint backlog.

## **Weekly Standups**

Held each week to evaluate and monitor progress of the team with the supervisor.

## **Sprint Review**

Held after each sprint ended with the client and team members, to review the user stories implemented.

## **Sprint Retrospective**

Held after each Sprint review to evaluate and reflect upon team's progress.
